

Maths

Primary 3 are going to do lots of activities to develop mental maths skills.

We are learning how to add numbers to 100.

In Practical Maths we will be learning about properties of 2d and 3d shape.

Literacy

Primary 3 will follow the Active Literacy programme for spelling. In Grammar we will be developing our knowledge of building super sentences. Comprehension tasks will be linked to Reading books.

Science

We are investigating Forces. We will be learning about pushing/pulling, floating/sinking, magnets and friction through a variety of practical activities.

Social Studies

This term our topic is Linlithgow Palace. We will be learning about why Linlithgow Palace was important and who lived there.

What are
P3 doing
in Term 1?

P.E

We are learning all about hockey skills and team games.

Expressive Arts

In music we will build on our listening skills and play some tunes on the ukulele.

Art work on drawing techniques using the palace as a stimulus.

Health

Primary 3 will learning about Feelings, Responsibilities and how to develop a Growth Mindset.

RME

After the October break P3 will be learning about Christmas traditions and the Nativity story. We will be performing in our final Nativity play.
